

K-Love offers free air time to promote festivals, concerts and such that are all family friendly. I would not know about most of them if it wasn't for K-Love. My community would be negatively effected his K-Love was displaced by an LPFM broadcaster. K-Love has 5 ministers on staff to talk to anyone who calls them to council them, pray with them and trained to handle suicidal calls. K-Love promotes marriage and how to work on your marriage and promotes knowing and being active in your children lives with many ideas, suggestions and references. These are just a few things among many things that K-Love does for the community. K-Love is positive, uplifting station that promotes the individual, the family, and the community growth and strongness. K-Love is in the best interest for the public. I do not know another station that someone can call who is suicidal and get assistance from trained person or to talk to someone when a life tragedy has occurred. What other station promotes marriage and how to have a good one, promotes family with good values and is family friendly all the time. I and my community needs K-Love. No one else is doing what they are doing. Thank you for your time.
